HOW TO USE THIS DIRECTORY

The format of the 1984 Nevada Library Directory has again been greatly changed from last year. The alphabetical listing of heads of public, academic, and special libraries is being expanded to include all library personnel, inclusive of librarians, library assistants, clerical, bookmobile personnel and public information officers. They are listed alphabetically by last name with their title and name of library. We are also, once again, listing school librarians.

PLEASE REPORT ALL CHANGES IN DIRECTORY INFORMATION to the Library Development Division, Nevada State Library, Capitol Complex, Carson City, NV 89710. A list of diretory changes will be published periodically during the year in the DATELINE.

MISCELLANEOUS LISTS

THE QUICK REFERENCE LISTING OF SELECTED LIBRARIES is divided into two sections: CITY, COUNTY, DISTRICT AND COMMUNITY LIBRARIES and SELECTED ACADEMIC AND SPECIAL LIBRARIES. Libraries in each section are listed in alphabetical order by name of library.

NEVADA STATE ADVISORY COUNCIL ON LIBRARIES: lists members with the expiration date of their terms.

1984 NEVADA LIBRARY ASSOCIATION OFFICERS: lists officers and chairpersons of districts, sections, interest groups and committees. The place and date of NLA's Annual Meeting is also included.

INDEX OF LIBRARY PERSONNEL is an alphabetical listing of all persons named in this directory and the name of the library where they work.

FRIENDS OF THE LIBRARY ORGANIZATIONS: lists active groups with the names of their presidents.

DIRECTORY OF LIBRARIES

GENERAL: Libraries in each of the sections are listed alphabetically by the name of the city in which they are located. The listing for each library includes, where applicable, mailing address (and street address in parentheses, if different), telephone number(s), chairman of the board of trustees, hours and revenue.

CITY, COUNTY, DISTRICT AND COMMUNITY LIBRARIES (YELLOW): Branch libraries are listed immediately following the headquarters library. Cross references are made from the name of the library (if it is different from the name of the city in which it is located), from the names of branch libraries, and from the cities in which branch libraries are located.

ACADEMIC AND SPECIAL LIBRARIES (GOLDENROD): A list of libraries arranged alphabetically by name of library immediately precedes this section and refers the user to city under which the library is listed.

SCHOOL LIBRARIES (GREEN): A list of school libraries arranged alphabetically by name of the city in which they are located. We are including a list of school districts, together with the name of the superintendent and the address, at the beginning of this section.

STATISTICAL SUMMARY (WHITE): Statistical information for public, academic, and the Nevada State Library is included for fiscal year 1982-83. See the introduction and footnotes of that section for further information.

NEVADA LIBRARY STATISTICS

STATISTICAL SUMMARY

EDITOR'S NOTE: NRS 378.080 (rev. 1971) states that one of the duties and responsibilities of the State Library is "To collect, compile and publish statistics and information concerning the operation of libraries in the state."

The following tables were compiled from report forms submitted by libraries to the Library Development Division of the Nevada State Library, modified by further consultation with librarians and other public officials, and from other sources as indicated in the footnotes.

Although library service does not consist only of circulating library materials, expenditures per item circulated has been used to reflect upon library efficiency, although statewide figures primarily show the impact of inflation on the cost of library operations. Circulations per volume may say something about how heavily the collections are used. While there are too many variables to produce useful figures for individual public libraries, the statewide figures are as follows:

CIRCULATIONS PER VOLUME: (Fiscal years)	
1979	2.9
1980	3.2
1981	3.1
1982	2.9
1983	2.9

EXPENDITURES PER CIRCULATION: (Fiscal years)	
1979	$1.68
1980	1.56
1981	1.75
1982	1.86
1983	2.02
